---

## Objective

Detail-oriented Frontend developer and aspiring software engineer looking for an opportunity to share my passion and knowledge with like-minded people. Eager to gain experience and learn more to bring better quality solutions to the world.

---

## Experience

### Web developer intern @ Scandiweb

June 2022 - October 2022 | Riga, Latvia (Remote)

- Learned Basics of backend development with PHP and MySQL
- Explored how large projects are handled and structured
- Collaborated with my team through github and Jira

---

## Projects

### Instagram clone

Fully featured Instagram clone made with Nextjs, Firebase and TailwindCSS

- Authentication with Email and Password
- Add posts with image upload
- Like and comment on posts
- Follow users
- User profile and ability to change profile picture

[Demo](#) [Code](#)

---

### Next Gym

A project where the user can search exercises and filter them as well as see the details of each exercise with its associated videos.

[Demo](#) [Code](#)

---

### Playspace landing page

A landing page for a video meetings website.

[Demo](#) [Code](#)

---
